

On track for a great day out

SPITFIRE Railtours is a family-run company dedicated to providing value for money for the discerning rail traveller.

The company is committed to using classic British diesel and electric locomotives on a range of routes which reflect their former "glory days".

At Spitfire Railtours cost

is paramount and staff strive to provide customers with a cost-effective day out.

It is expected that the next tour – on Saturday April 24 – will be hauled by DRS Traction.

It will leave Crewe and travel via the West Midlands, heading through scenic Anglia to the final

destination of Norwich.

This historic city, with its host of museums, arts venues, shops, churches and green spaces, offers a rare blend of historic interest and modern sophistication. It is dominated by a magnificent Norman cathedral, which boasts the largest cloisters in

England, the second tallest spire in the country and an amazing 1,200 carved stone roof bosses – one of the greatest art treasures of medieval Europe.

Norwich is proud of its past and present status. Its ancient buildings and city wall remains make it the most complete medieval city in Britain.

ON TRACK: Cumbrian Crusader II is one of the trains used by Spitfire.

It's the tops

Imagine escaping every weekend to a bolt-hole in the country, where you can relax and unwind in safe and beautiful surroundings.

Those lucky enough to own a caravan on the award-winning Tree Tops Caravan Park don't have to imagine – they simply enjoy the peace and tranquillity for which it is so well known.

Tree Tops will open its doors over the next few weeks so, if you are looking for somewhere to escape the stresses and strains of daily life, this could be the place for you.

There is a range of offers available on selected models, so there's never been a better time to buy.

Why not visit and enjoy the award-winning gardens for which they are so well known?
