Token counting sheet

This sheet is here to help you keep count of how many tokens you have collected so far.

Simply write down the name of anyone collecting for you in the left-hand column, then make a note of how many tokens they have collected each week.

At the end of the campaign you can add up the totals from each collector to give you your grand total.

Number of tokens collected

Collector's name	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	TOTAL
