Abbeymill Huddersfield Limited

Abbeymill introduce new door range to increase customer choice and price options

Over the years, Abbeymill has built up a wealth of experience providing quality, bespoke kitchens and bedrooms, to both trade and retail customers.

For over 30 years the company has been involved in the successful development of fitted furniture products; responding to an ever changing market place.

Abbeymill's trade customers are located throughout the UK, each with different design and product specifications, which they in turn have been able to offer to their own retail and commercial customers.

Abbeymill has maintained an excellent reputation for being able to quickly and effectively adjust

to market changes and the constant need to progress in terms of the continual need for new product development.

The retail showroom, situated within the manufacturing facility on Lincoln Street, reflects the Company's product "know-how".

The specialist design team at Abbeymill have at their disposal, an abundance of product information related to the supply of kitchens and bedrooms. Unlike many other suppliers, the years of manufacturing and design experience are all brought together under one roof and are available to the Huddersfield public.

The Abbeymill philosophy is to ensure that customers have a clear understanding of what is

generally available in terms of quality, the total product specification and just what can be incorporated within their own personal budget.

All of the Abbeymill cabinets are bespoke and of the highest quality and are manufactured as individual items of assembled furniture. Clients can control the cost of their new kitchen or bedroom by selecting from the large range of doors and accessories available to arrive at a realistic yet competitive price.

Abbeymill has recently upgraded the retail showroom, after forming a supply partnership with Uform doors. The three new "Kitchen Stori" displays represent just a small part of the total new range of doors now available, each of

which reflects a huge choice when considering colour, design and of course the final cost. The modern trend towards curved doors and cabinets is incorporated within the new range and is proving to be extremely popular.

You can always be assured of a friendly and professional welcome when you visit Abbeymill and it will be one of the best decisions you make when looking for your new kitchen or bedroom.

Visit their showroom on Lincoln Street. Open: Monday to Friday 9.30am to 4pm.

Saturday 9.30am to 3.30pm. Tel: 01484 421177
