

We are the bunch to beat the credit crunch

CWS, the family owned business was established seven years ago originally in Upper Cumbria worth.

We talk to Managing Director James Thackra: "After relocating our business 18 months ago to Shepley, next to Goodall Caravans, we can now boast an extensive showroom with conservatories,

windows, doors, fascias and soffits for you to view at your leisure.

"We have grown over the years, now employing five teams of fitters each with 15 years experience. Their attention to detail is uppermost in their professional approach to the finished product for our customers."

"Our approach to dealing with customers is friendly and Ian, our sales manager, will discuss and agree the sale of the product without the hard sell.

"Sales are not commission based and all products and fitting are priced to each individual item, thus providing an honest value-for-money reliable sale.

"Most of our custom is from recommendations which means we don't need to advertise on a regular basis, even though there is a credit crunch. We take no deposit and back up our work with a 10-year insurance backed guarantee and always remember, don't be deceived as you never get anything for free."

Ian added: "Our product range grows year on year with the usual White Oak and Rosewood profile but now we have the very popular Cream which ISN'T sprayed and is actually cream throughout, eliminating scratched profiles that show white underneath. Homeown-

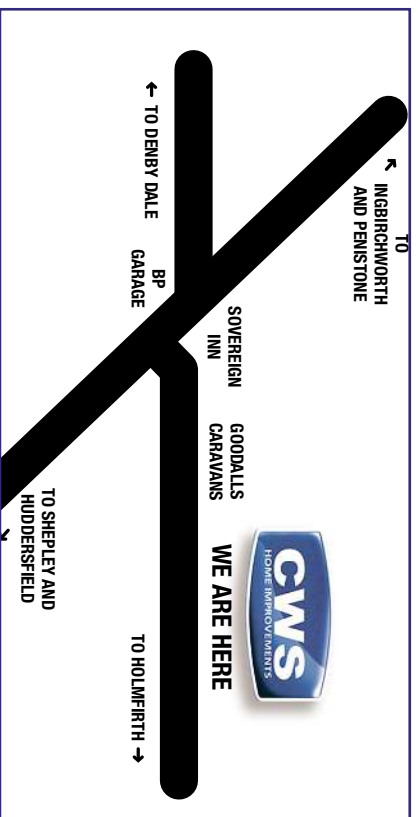

ers are choosing this as a warmer alternative to traditional white.

"We also have composite doors, bi-folding doors, aluminium or pvc-u, vertical sliders, self clean glass along with better sound proof glazing. In January we will be adding more of our product range to the already impressive showroom."

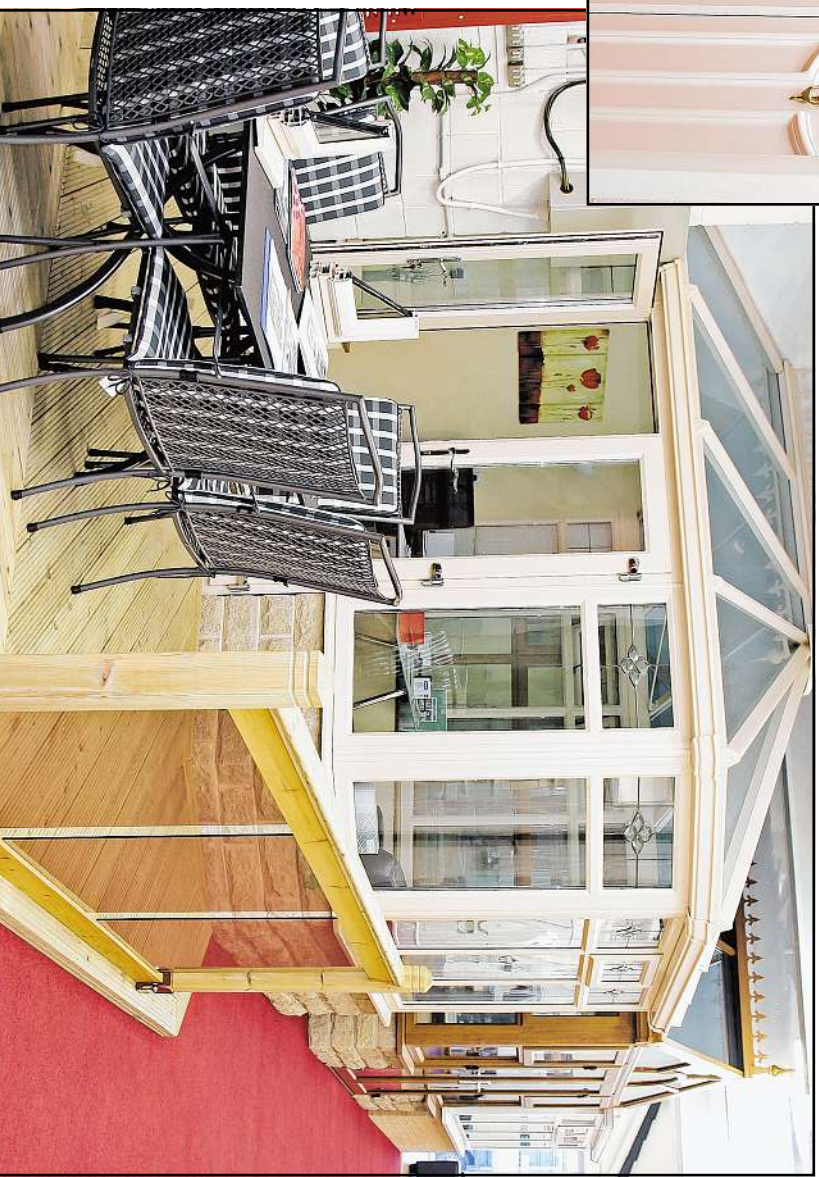

A note for all tradesmen - we now have our trade counter open supplying all low maintenance pvc-u building products, all available on free delivery at very competitive prices. Call in and have a look!

The CWS showroom is open Monday to Friday 7.45am to 5pm and Saturday 8.30am to 12noon or anytime by appointment and there is plenty of car parking available right outside.

Why not call in and see what a difference CWS can make to your home or call in for a free no-obligation quotation?

CWS (West Yorkshire) Ltd is situated at Sovereign Crossroads, Holmfirth Road, Shepley, Huddersfield HD8 8BB. All major credit cards accepted.
