

COMPLETE Pet Care

Featuring **caldervets** 

Top quality veterinary care from Calder Vets in Huddersfield

As a client of Calder Vets you will be familiar with the new premises in Castlegate and the experienced team of vets, nurses and receptionists who work there.

What you may not know is that you have easy access to a range of services, facilities and specialists within the Calder Vets practice that is second to none.

The vets there pride themselves on solving

problem cases.

The Dewsbury hospital is staffed all the time and they are used to dealing with critically ill animals belonging to their own clients as well as those referred by other practices.

Calder vets is one of a handful of practices in the UK authorised by the FSA to give independent pet insurance advice.

They offer 'claim direct' for most insurance companies* and are able to administer the claims on behalf of the pet owner.

Managing Partner Steve Dixon said 'We are seeing an increasing number of people recognising that pet insurance is essential.

"Unfortunately there are many different types of policy available and some of them are less than adequate.

"We recognise a lot of pet owners aren't aware of how good or bad their policy is until they have to make a claim.

"We provide the insurance advice service free of charge to our clients .

"Our experienced insurance staff administer claims and deal with any problems that may arise, thereby removing an unwelcome source of anxiety when your pet is ill."

Remember the name: Calder Vets for all your veterinary needs.*T&C apply
