HomeStyle

Bespoke designs for a unique look

DESIGNS: Plenty of choice for all tastes

INDIVIDUAL bespoke designs for each customer are what makes The Fireplace & Stove Centre at Scissett the number one choice for home improvement.

Whatever kind of fireplace design you require, it can be made to fit your exact requirements. Whether you want it made wider, taller or smaller than the original design, that is no problem for the Scissett based fire and fireplace specialist.

With an extensive range of fires, fireplaces and stoves always on display, there is something to suit all choices. Whether you are looking for a traditional gas fire, a multi-fuel burning stove or one of the latest high efficiency gas fires, you will find plenty of choice. New designs are arriving at Scissett all the time.

Increasingly popular are the new high efficiency gas fires which can make a difference to household fuel costs.

Richard Hinchliffe, who runs the business, said: "We offer exact solutions to our customers, from someone who simply wants to buy a new fire (supply only) to customers who want a new fireplace building from scratch.

"We can even build large Inglenook fireplaces and can work around an existing carpet cut-out and work without disturbing decorations."

Fire surrounds can be made from a range of materials including limestone, granite, wood, brick and marble.

Richard said: "The Fireplace & Stove Centre would like to extend a warm welcome to old and new customers alike. At the Fireplace Centre we understand how important it is to create a stylish and relaxing living environment. With this in mind we have put together a range of fires, fireplaces and stoves to cater for all tastes and budgets."

The Fireplace & Stove Centre can offer a full

STOVES: A wide range now available

fitting service which is carried by fully qualified Gas Safe and H.E.T.A.S engineers. Showroom opening times are Monday to Saturday, 10am to 5.30pm (closed Tuesday), Sunday 11am to 4pm.
