'TONE SHAPE STRENGTH'

Area's hidden treasures

In recent years Lockwood has enjoyed a transformation, particularly in the Bridge Street area. Following community action from local business owners, residents and local councillors, Bridge Street now has attractive new lighting and some buildings have had a facelift.

This area can now be seen as a gateway, lined with flowers, to the Holme Valley in one direction and the town centre in the other.

● Serendipity Antiques is one of Huddersfield's best kept secrets, a forgotten or undiscovered gem, alongside Brewery Drive.

■ **LOCKWOOD:** The viaduct which spans the Lockwood area

Now set over three floors, it is a huge eclectic treasure chest of antiques waiting to be leisurely explored. Make your way through the ample rooms to find specialist antiques for every budget, with an antique service also available. Unknown to many, there is lots of free parking across the road on the public Water Street car park as well as alongside the shop. To commemorate the re-opening of the third floor, there are currently some fantastic offers available.

● Grappolo, situated in Bridge Street, offers Italian cuisine to locals and those from further afield. It is a popular restaurant with a varied menu which combines modern surroundings

with a great Italian menu. It's an ideal place for socialising, a romantic meal, business lunch or for any special occasion. By taking advantage of the early bird offer which runs Tuesday to Friday, you really are getting good value for money! Christmas places are booking up fast so book now to avoid disappointment with this gem!

● Physiques Gym is a new gym in the Perseverance Mills complex, situated nearby at the bottom of Lockwood Scar. Physiques opened in 2010 aiming to be a gym that provided a warm, personal and friendly atmosphere in a purpose built unit. The gym caters for everyone from bodybuilders to fitness fans, men and women, young and old, overweight or underweight and anything in between! There are some great no contract joining offers available now. A healthy gem for you to explore!

● Ali's Greedy Cafe is another tasty gem situated on Lockwood Road and is part of AGC Tools and Fixings. You can grab your breakfast or lunch in the cafe whilst waiting for your order from the warehouse! There is ample free parking available, close proximity to the ring road and an extensive, great value menu available at Ali's Greedy Cafe. There is also free delivery and specialise in event catering – running a bespoke service suitable for all your catering needs!

SALE
