# Van About Town

*Why not look out for these vans?  
You never know when you might need one!*

**R**EGULARLY seen out and about on the roads around Kirklees are the distinctive yellow skip lorries belonging to Honley Skip Hire.

As part of the Myers Group of Companies, Honley Skip Hire is based at Red Doles Lane, off Leeds Road, Huddersfield. It operates a fleet of vehicles delivering mini, midi and maxi skips for both commercial and domestic use.

Offering a friendly and reliable delivery and collection service, all overseen by manager Garvin King (pictured first left), Honley Skip Hire was acquired by the Myers Group in 1988 and since then has continued to grow and develop.

Also available are large 'roll-on, roll-off' containers and handy skip bags, at a cost of £5 which are ideal for all garden waste.

All waste is recycled wherever possible using the Waste Transfer Station.

Honley Skip Hire can advise on suitable items for collection and special arrangements can be made for the disposal of asbestos and other hazardous materials.

Customers can order and arrange collection of skips using the quick and easy on-line ordering service.

**O**UT and about on Huddersfield and Halifax roads every day are the distinctive red delivery vehicles from the Rapid Hire Centre.

The business, started 11 years ago by Kirk Stansfield, has outlets in Huddersfield, Honley, Elland and Dewsbury and supplies both tools and machinery for hire and for sale.

Supplying both to the retail and domestic markets, the Rapid Hire Centre (at Leeds Road in Huddersfield and Crossley Mills in Honley), offers

a range of power tools, Snickers workwear and has just added Festool joinery tools to its portfolio.

Kirk said: "We offer customers the choice to either buy or hire. However if you're only likely to be using the item once or twice, your best option is to hire."

Rapid Hire Centre also offers expert advice on DIY jobs, gardening and decorating work.
