New look: Designer boutique Ab Fab.

ZYTM101008SKIND

Salon celebrates face for fashion

If you're looking to relax, unwind and de-stress in the upmost luxury, there's no better place than Skin Deep Beauty Salon and Clinic, Rhuddlan.

Established in 1990, the renowned salon has recently relocated to the first floor of the Fondella Buildings on Rhuddlan High Street and extended its offering by opening a prestigious designer boutique, nail specialist, a coffee shop and bistro and an upmarket lingerie shop in the lower levels of the building.

Complementing the company's existing services, which include the Skin Deep beauty salon, a Nail Emporium and the ReJuva clinic, which offers a wide array of non-surgical treatments such as Botox and semi-permanent make-up, these new arms of the business will allow Skin Deep to offer an unrivalled pamper experience.

Owner Suzanne Newberry explained: "We wanted to enhance the customer experience of Skin Deep and make better use of the entire building, so

we've expanded to create a one-stop-shop where customers can indulge in a treatment in the beauty salon, enjoy lunch in the coffee shop and pick-up a fantastic new designer outfit in the boutique to complete their new look."

Officially opening on Wednesday, October 15, the upmarket boutique, Ab Fab, will be stocking a range of Moda in Pelle shoes, a wide range of luxury clothing brands, jewellery and accessories. Within the boutique there is a designer clothing exchange to give customers the opportunity to recycle their unwanted designer bags, clothes, shoes and jewellery.

The concept is proving extremely popular, with current stock including items by Chloe, Russell & Bromley, Gucci and Miss Sixty - why not recycle some of your unwanted goods?

Suzanne added: "The clothing exchange gives people the chance to buy old and new designer items - so there is something to suit all tastes and budgets."

The move to the first floor of the Fondella Building has also provided the perfect opportunity to refurbish the beauty salon and clinic, which now boasts a stylish interior and a new relaxation room - the ideal place to enjoy a bit of peace, quiet and tranquility between treatments.

Further enhancing the Skin Deep experience, the coffee shop and bistro has been launched to provide customers with somewhere to enjoy a relaxing drink or tasty light bite whilst escaping the stresses and strains of everyday life.

Situated in the rear courtyard area and furnished in a contemporary style, the coffee shop and bistro will offer a wide range of speciality teas and coffees, delicious fruit smoothies, scrumptious sandwiches and home-made cakes.

So whether you're looking for a new outfit or a whole new look, let the expert team at Skin Deep revitalise your appearance today, call 01745 590 693 for more information.

FOLLOWING the refurbishment and relocation of Skin Deep Beauty Salon and Clinic, the salon has introduced a number of new treatments to help you look and feel your very best.

New treatments include non-surgical aesthetic procedures such as chemical peels and semi-permanent make-up, a luxury Elemis hot stone facial and a relaxing Elemis full body massage with hot stone treatment. Launched nine years ago, Skin Deep Beauty Salon and Clinic already has an enviable array of treatments on offer, including the highly-coveted Elemis facial spa treatment range, Clarins face and body treatments, Fake Bake products and innovative Guinot Hydradermic facials to lift and firm ageing skin.

For those looking to combat visible signs of ageing, the company offers a wide range of non-

Blending beauty and bliss

surgical solutions in its ReJuva clinic. Run by Dr A.M. Winter and Dr J. Wainwright, two highly skilled specialists with over 10 years of experience, the state-of-the-art ReJuva clinic offers Botox to smooth out fine lines and wrinkles, the must-have chemical peels to reveal brighter, younger-looking skin, red vein removal, dermal fillers and Sculptra to re-shape cheek bones or plump up lips.

Owner Suzanne works alongside the doctors offering free of charge consultations to help clients understand the true benefits of these high-tech treatments. She specialises in semi-permanent

make-up, such as eye-liner, lip-liner and eyebrow shading - ideal for those who want to wake up feeling they look their very best each and every day. The clinic also offers the renowned Veinwave to treat red veins on the face and legs.

Gift vouchers are available and can be exchanged for either treatments or products - an ideal way to pamper someone special this Christmas.

Or, why not indulge yourself with one of Skin Deep's tailored pamper packages? Right now, the skin spa is offering an Elemis pamper package, including a facial and body treatment, lunch, coffee, a manicure and a pedicure for just £99. And, if your bring a friend, they get the same package for half price.
