

## Who Cares Wins

Beautiful Beginnings day Nursery understands that parents are children's first and most enduring educators. It is therefore the nursery's aim to work together with parents to ensure that it is having a positive impact on the children's development and learning. Beautiful Beginnings aims to provide a safe, caring

and stimulating environment delivering exceptional standards of care and education. The nursery offers both part-time and full-time care between 7.00am to 6.00pm Monday to Friday throughout the year. It also offers 'settling in sessions' for children prior to them starting.

Children are offered a wide range of activities, both outdoor and indoor, using a variety of materials and resources in a safe secure environment. Providing a well balanced diet Beautiful Beginnings promotes healthy eating and exercise on a daily basis. It encourages the development of social, emotional and

physical needs of all children, working closely with parents to provide a level of care that meets the highest of standards – building a trusting and confident relationship from the very first day.
